Changzhou Everun Mectronic Co., Ltd. was established in 2007. As a professional export trading company, our business was based on our mother factory Danyang Bestlink Electronic Co, Ltd., which was founded in 1994. At beginning, our business started from Audio/Video cables and various ID peripheral cables. Our factory have been working for over 20 years as a long term stable supplier of some famous company such as:

From 2011, we got into wire harness field mainly for Industry equipment control and communication, automotive and E-bike, home electric appliances, etc. Our main customers in this field include :

Apart from our mother factory, we also promote wire harness products for other well experienced manufacturers such as: Changzhou Yinpin Electronic Co., Ltd, Shenzhen HWK Electronic Co., Ltd.,etc. These factories have successfully got ISO9001, ISO14001 certifications and some products get listed by UL and CE. Based on our professional engineering team, reliable automated and semi-automated production equipments, flexiable manufacturing system(FMS), we can provide to customers with very reliable multitudinous connection solution.

Welcome visiting us for further cooperation!
